Among the items that were not on my BINGO card last May was that the new Pope would be a guy named “Bob” from Chicago. So, when Cardinal Robert Prevost from St. Mary’s Catholic School on Chicago’s southside was duly elected and announced as Pope on May 8, jaws dropped.

An American? A Chicagoan? A White Sox fan? A Bears fan?

As we have grown to know Pope Leo XIV better, pleasant surprises keep coming, including his June 15 homily for Trinity Sunday. That day was also the “Jubilee of Sport” as planned in the Jubilee Year celebrations initiated by the late Pope Francis.

In his homily, the Holy Father deftly wove both themes for his hearers:

“This combination of Trinity and Sport is somewhat unusual,” he acknowledged, “yet the juxtaposition is not inappropriate. Every good and worthwhile human activity is in some way a reflection of God’s infinite beauty, and sport is certainly one of these. For God is not immobile and closed in on Himself, but activity, communion, a dynamic relationship between the Father, the Son, and the Holy Spirit, which opens up to humanity and to the world,” the Pope observed.

He then highlighted three ways sports are “a precious means for training in human and Christian virtues.” His insights provide wisdom for all of us—athletes, coaches, parents, and fans:

1. Team sports teach “the value of cooperating, working together, and sharing”—which is “the very heart of God’s life.”
2. “In an increasingly digital society,” sports bring people together and provide “a healthier sense of the body, of space, effort, and real time.” Sports also help “to preserve a healthy contact with nature and real life, where genuine love is experienced.”
3. Sports also teach us about our human imperfections and “how to lose,” for “Athletes who never make mistakes, who never lose, do not exist. Champions are not perfectly functioning machines, but real men and women, who, when they fall, find the courage to get back on their feet.”

He encouraged athletes in their mission “to reflect in all your activities the love of the Triune God.” And he concluded his homily with the reminder of “the greatest victory of all: the prize of eternal life on that playing field where games will never end and our joy will be complete.”

THE HISTORY OF THE JIM HUGHES BASKETBALL TOURNAMENT

By Barry Anderson, Shauley Coach

In the fall of 1985, a handful of parents from Holy Spirit School, plus parents and members of the St. Anthony and St. Mary Booster Club along with school superintendent Don Novotny and Coach Barry Anderson met to discuss a possible fundraiser for the elementary and junior high athletic programs at those schools. Out of this meeting came the idea of hosting a travel team girls' basketball tournament.

The Fargo All Star Girls Basketball Tournament was born in the fall of 1985 and was the first travel team tournament in Fargo, as well as one of the very first in Eastern North Dakota. It started with 8 teams. The All-star Team from St. Anthony's, St. Mary's, Holy Spirit, Nativity and St. Joes Schools went 3-0 to capture first place in the tourney.

A boy's tournament was added in March 1986, providing entertainment, competition, and basketball experience for teams from North Dakota, Minnesota, and South Dakota. It also served as a fundraiser for the Fargo Catholic elementary and junior high school athletic programs. Over the years, the tournament has raised over \$300,000 for the Fargo Catholic Schools athletic programs. A highlight in 1992 was hosting 120 teams in a single tournament at 14 different gym sites. The team's entry fee was a mere \$50, with gate admission of \$2 for adults and \$1 for students. That tournament raised over \$20,000 alone. The tradition of hosting these basketball tournaments continued until 2024.

The girl's tournament was renamed the Jim Hughes Tournament in February 2014 in honor of Jim Hughes. He passed away on April 30, 2013. Jim was one of the original members and founders of the Fargo All Star Basketball Tournament. He was involved in over 50 of the All-Star basketball tournaments sponsored by the Fargo Catholic Schools.

Throughout his years of involvement with the Fargo Catholic Schools, Jim was a dedicated coach, friend, and mentor to all the students he coached. He was instrumental in working behind the scenes as a gym supervisor, scorebook and clock operator, concessions and gate worker, referee, as well as coaching many successful teams throughout his years. His dedication to the schools and commitment to coaching and willingness to help as necessary have left a lasting impression on the lives he touched. Jim was a proud parent of Deacon Graduates and active in the church and Knights of Columbus.

Coach Hughes was particularly intense during his coaching days and had a lot of fun with officials. His most famous quote during a close game as he talked to a referee about a call was “You’re the second-best ref I have ever seen; all the others are tied for first.” Coach Hughes’ legacy is always with us.

Jim Hughes is survived by his wife Sharon, daughters Denise and Dawn, sons Mike and Dan, and seven grandchildren. The Hughes family continued to be active every year in the running of the Jim Hughes Basketball Tournament. Thank you from the Shanley Athletic Club for your support for Deacon Athletics!

THE JIM HUGHES FAMILY WOULD LIKE TO SHARE SOME THOUGHTS:

It has been an honor and privilege for the Hughes family to assist in celebrating Dad's other passion in life – basketball. From the front gate, scoreboard, time clock, keeping book and concession stand, you've seen us helping at the tournament. Dad would be overwhelmed to know the tournament continued all these years. It was special to hear stories about Dad and to see former classmates and students coached by Dad now bringing their own children to a tournament in his name. - **Dawn**

When my grandpa's tournament first started it was a celebration of his life, passion for sports, and devotion to Shanley. It was a time for my entire family to come together to remember and honor him! I appreciate all that Shanley and their staff have done to help our family put on this amazing tribute for Jim Hughes! - **Granddaughter Journey Hughes**

It has been an honor as a family to carry on our father/grandpa's tradition and love for kids, basketball, and family. Once a year we would get together as a family to help with the Jim Hughes All-Star tournament. - **Grandchildren Selina, Paige, Emily and Logan Condon**

Jim loved coaching kids, watching them grow as a person and in their love of the game of basketball. He coached his children and grandchildren in many different sports or was always their number one fan on the sidelines in whatever they did. We miss him greatly and are sad to see the end of this great tournament that honored his name and gave children the opportunity to play the game of basketball. Our family would like to express our sincere thanks to Barry Anderson for being instrumental in getting the name of the tournament changed to honor Jim. - **Sharon, Denise, Mike, Dan, and Dawn**

Shauley Hockey is Back

- but not for the first time

A LOOK AT THE HISTORY OF HOCKEY AT SHANLEY HIGH SCHOOL

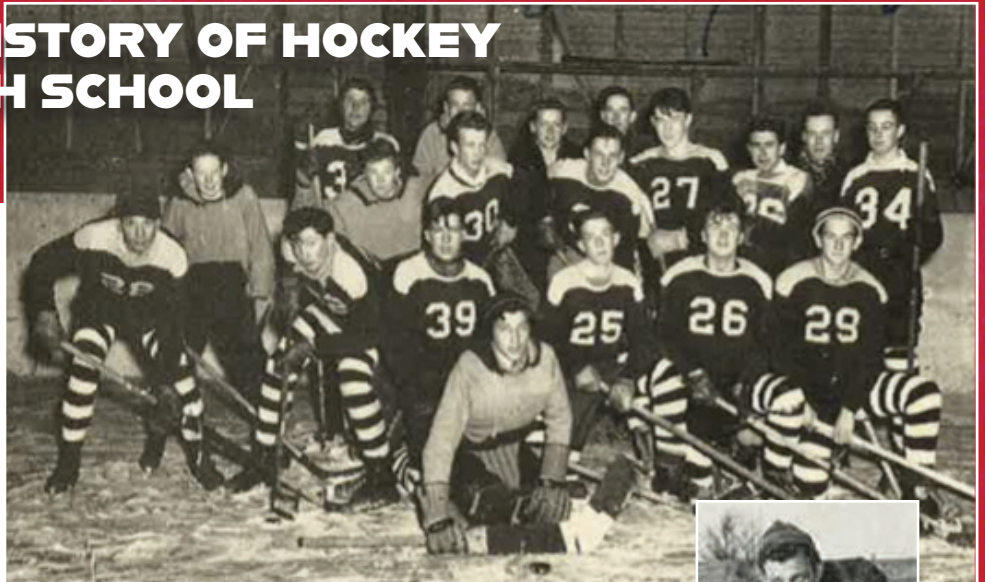

By Mark Sornsin, Shauley Athletic Club

The 2025-'26 hockey season represents the return of Shanley Hockey as their own varsity sport. More accurately, it is the return of Shanley hosting a multi-school co-op. For the 2002-03 season Shanley started a co-op hockey team with Oak Grove Lutheran School and Park Christian School. I had the honor of working as the public address announcer for that team's home games, as I am again this time around. My history with Shanley hockey goes back to the 1970s, when my older brothers were in high school and I would attend games with my Holy Spirit elementary school friends. I was not from a hockey family and those were the first hockey games I ever saw. I can still remember not understanding why the "time of goal" announced never seemed to match any of the clocks shown on the scoreboard, or why there were smaller time clocks that occasionally ran during the game. I eventually figured out the penalty clocks, and that the time of a goal was announced as time into the period, whereas the game clock represents time remaining in the period.

I had become a hockey fan in those years. Not a huge follower of the NHL or even The Fighting Sioux of UND, but I enjoyed the game and attended most home high school games. In high school I even played in a short-lived intramural hockey league representing Shanley against teams from Moorhead, Fargo North and Fargo South. The team was made up of guys who didn't make the varsity squad or, like me, had never played organized hockey. Years later, I was visiting with my uncle Earl Sornsin about playing hockey in high school. He mentioned that he, too, played hockey for the Deacons – at Shanley's predecessor school, Sacred Heart Academy, where he graduated in 1942.

This sparked my interest in learning more about the history of hockey at Shanley and Sacred Heart. Fortunately, a lot can be learned by searching through old yearbooks and Shanley's Reminiscor (REM) Yearbooks are available online. As it turns out, Sacred Heart Academy's first ever hockey team was 1937-'38. In fact, it was one of just a few sports in which the Deacons competed in those years. All games and practices were held outdoors, and their jerseys were repurposed football jerseys. Earl played all four of his years at SHA from 1939 through 1942.

Hockey ceased the following year due to the start of WWII, when most school sports were put on hold while boys participated in military calisthenics programs. Hockey at SHA reappeared for the '46-'47 season and continued through the transition from Sacred Heart Academy to Shanley High School in 1950. Prior to that in 1949, Grand Forks reportedly hosted the "first annual state hockey tournament." This was not the ND Activities Association sponsored affair we've come to know today, but likely just an informal event sponsored by the Grand Forks Central team. The Deacons of Sacred Heart finished third in that tournament. I was unable to determine if this tourney was repeated prior to 1961, when the annual state tournaments started in earnest. Conditions were a lot tougher in those years for the players and fans. The 1949 REM notes that in Fargo "hockey is played against adverse circumstances. There is only one rink, and four teams of the area use it...it is uncovered and provides no gallery for the spectators. [This often leads to] difficulty in securing home games." The REM article went on to note that coach Don Blanchard had "more than his share of trouble [with] snowstorms plaguing his every move."

compete with them on the ice. Roger was good at all the sports he tried, but of course is best remembered as a New York Yankee, breaking Babe Ruth's home run record in 1961.

Hockey continued at Shanley through the 1955 season but disappeared until the '58-'59 and '59-'60 seasons. These teams were still using football jerseys, though they were retired from the early 1950s football teams. Morrie Schwinden ('62) explains that they had intended to erect a practice rink on the football practice field in the old Shanley 'back yard.' They were told a rink had been built in the past. But when they went looking for the boards from which it had been constructed, they learned that the nuns had taken them over the years to make shelves for storage in the basement at the neighboring convent. Instead, Morrie and some others drove a truck to Fergus Falls to buy some rough-cut lumber and returned with a pickup truck load that was used to build a new set of dasher boards for their practice rink. Morrie also noted that the outdoor rinks couldn't be flooded until the ground was frozen. Because of this, they would often go to a slough outside of town, which tended to freeze before the ground was ready for flooding. The slough they used was located on the site of present-day West Acres Mall.

The team didn't play during the '60-'61 season, but the 1962 REM documents its return with a new volunteer coach with UND and Olympic pedigree, John Noah. It was Morrie's senior year, and he explains that the '61-'62 Deacons team was not an official Shanley team but was instead sponsored by the Knights of Columbus. There were high hopes that hockey would stick around but alas, it was only one season. There was no varsity hockey team at Shanley again for 14 years.

1962 DEACONS

Sponsored by Knights of Columbus

By the fall of 1972 Morrie Schwinden was involved with the park district and recalls that John Noah was pushing Sid Cichy, Shanley's legendary football coach and Athletic Director, to start a hockey team. Sid was enthusiastic about it. He had even driven the bus for the hockey teams back when Morrie played. Thus, hockey was reborn in the form of a Junior Varsity team of underclassmen. They no longer wore old football jerseys. John Noah's oldest son, Matt, was a freshman, and John and his brother, Fr. Tim Noah, coached those JV teams for two years. Matt recalls playing games at the Fargo Coliseum and at the unheated 4-H building in north Moorhead. Shanley started a varsity squad for the '74-'75 season, becoming a varsity sport available to Shanley students from then on (if not always wearing Shanley jerseys). Home games were at the Fargo Coliseum, as were home games for Fargo North and South.

1975 DEACONS

No more football jerseys!

By the 1980s Shanley was mostly practicing indoors, though Mark Grothe ('83) recalls some JV practices outside at Roosevelt Park, just a block or so from the old Shanley building in north Fargo. Most practices were at Southside Arena adjacent to South high. Practice times were usually 4:30 pm but often got pushed to early morning or later in the evening as the public schools had priority. At this time, the indoor rinks

in the area included the Coliseum, Southside Arena, Moorhead Sports Center, and the original Schollander Pavilion, an unheated 'barn' of a facility at the West Fargo Fairgrounds that featured natural ice. I recall that the players weren't big fans of playing games against West Fargo at Schollander.

The Shanley hockey team went through the 1970s and 80s as a competitive force but rarely found wins against the hockey juggernauts of the Grand Forks Schools. In fact, wins were also hard to find against the two Fargo schools, North and South. There was no conference playoff since there were not enough teams throughout the state, though the lower ranked eastern teams often had a play-in game against a team from the west to earn a spot at state. The '85 team showed the most success in these years. They won their quarterfinals game of the State Tournament for the first time and faced Grafton in the Semi-finals. The tournament was held at the old Ralph Engelstad Arena in Grand Forks, and the estimated attendance for that game was 4,500 people. I was a junior that year and a member of the student section. The atmosphere during the overtime periods was electric. I recall one of the seniors suggesting that "we will all climb over the glass when we get the winning goal." Unfortunately, during the second overtime, Shanley fell 3-4 (and it was probably good we didn't have an excuse to climb the glass). They ultimately placed fourth, their highest finish playing as the Deacons in the state sanctioned tournaments.

The 1987-'88 squad had perhaps the greatest regular season success, having defeated both Grand Forks schools for the first time. They also scored wins against North, South, and Moorhead. They entered the State Tourney with high expectations but were upset in the first round and ultimately settled for 6th place.

By 1990, numbers became a problem for the hockey team. In response, for the 1991 through 1993 seasons Shanley was joined by Wahpeton to create a co-op team. Varsity wore Shanley jerseys while JV wore Wahpeton jerseys. Home games were split between Fargo and Wahpeton. This ultimately proved a difficult co-op to maintain due to the constant travel between towns 48 miles apart.

Starting with the 1993-94 school year, Shanley began a ten-year co-op with West Fargo. In these years Shanley typically had between 3 and 10 members on the combined Varsity & JV squads. A highlight for the Shanley players came in 1996 when senior Dave Hanneman was named a runner-up for the North Dakota Mr. Hockey Award.

In the fall of 2002, a reborn Shanley hockey team took to the ice for practice. The new co-op team with Oak Grove Lutheran and Park Christian School attracted skaters from other schools as well. Unfortunately, due to state rules, newly transferred students could not play varsity games before January of 2003. This put that team behind the curve with the competition. By this time, the state tournament was comprised of the top four teams coming out of each of the two conference tournaments. Shanley was unable to qualify for the state tourney that first year back. Over the next seven years the team generally struggled to establish themselves. A conference tournament highlight occurred in the 2004 campaign when Shanley upset Red River in the first round. They then lost in overtime to South in the second round and suffered a heartbreaking loss in double overtime to Grafton/Park River in the State qualifying game. During this period most of the higher-level conference opponents would only schedule one game per year due to the perception that Shanley was not yet competitive enough (each game was thus worth 6 points towards the conference standings rather than 3 points over two games). This decision ended up haunting Fargo North in

2003 DEACONS

Start of co-op with Oak Grove and Park Christian

2005 when Shanley went to the Coliseum for that season's only game with the Spartans. It was just not North's night as was epitomized when they scored on themselves during a delayed penalty call where they had pulled their goalie. Shanley won that game 7-1. That game notwithstanding, while their conference tournament appearances became more competitive, Shanley was unable to reach the state tournament during this chapter of the team's history.

After the 2010 season, despite the co-op, hockey numbers were again getting too low to field a varsity team. I recall that Shanley's Activities Director at the time, Randy Nelson, struggled to find a way to keep Shanley's team autonomous – even considering an independent schedule until numbers improved. At the same time Fargo South's numbers were also dropping. For the 2010-11 season Fargo South invited Shanley to co-op with them and, in the end, it was decided a local co-op provided the best opportunity for Shanley skaters. For fifteen seasons they played as the South-Shanley Bruins. In this period the team enjoyed reasonable success, earning state tournament appearances in many seasons. The 2020 season ended with the team losing the championship game to Grand Forks Red River. In 2021 Senior Goalie Zach Sandy was named Powerade Senior Athlete of the year. In 2022 the team managed a 3rd place finish at state. Interestingly, over the years the South skater numbers slowly continued to drop while Shanley, Oak Grove, and Park Christian numbers increased. In 2023, with just four Fargo South skaters, the South-Shanley team won the State tournament – the first state championship for any Shanley hockey team. In a somewhat ironic twist of fate, the coach of that 2023 team, Dean French, was a senior on the Grafton team that beat Shanley at the state tourney back in 1985.

This year is a new beginning for Shanley Hockey. A well-established Fargo Angels youth hockey program – now over 20 years old - helps future Deacons from all the area's private schools learn to love the game. Kids from Oak Grove, Park Christian, Holy Spirit, Nativity, Trinity, and St. Joseph elementary schools are eligible for Angels Hockey. This year Capstone Classical Academy kids can also play for the Angels, and eventually the Deacons. The new Fargo Sports Complex in south Fargo includes two hockey rinks – one being the new home of Angels Hockey and named for the late John Noah and his wife Mary. Throughout Fargo, Moorhead, and West Fargo there are now 18 sheets of indoor ice, so practice times are far better than when my classmates played in the 1980s, and luxurious compared to when my uncle Earl played for Sacred Heart Academy. It is safe to say that outdoor practices, let alone games, are a foreign concept to the current generation of players. The future is bright for Shanley Deacons hockey. Hopefully one day they will earn another state championship, but this time wearing their own team's colors.

Let's go Deacons! Let's Play Hockey!

No Regrets

ZACH SANDY '21

By Sheri Stockwoe, Shanley Athletic Club

The son of Kary and Tim, and "the youngest of five amazing human beings," Lauren, Bethany, Luke, and Drew, Zach is a 2021 Shanley graduate. He first laced up his skates when he was 5 years old. "I started goalie around 9 or 10 years old because my older brothers would put me in the net to shoot on me," he says with a smile. It turned out to be a great move by the Sandy brothers.

SAVES FOR DAYS

At Shanley, Zach played baseball and hockey. "We won 3 baseball state championships with my legion team and made the state championship in my junior year," he says. On the ice, in the net, is where he shined.

He posted a .922 save percentage as a sophomore, led the state with a 1.26 goals-against average and .947 save percentage as a junior, and posted a .941 save percentage and 1.51 goals-against average as a senior, helping his team reach the state championship game. His greatest accomplishment was winning Mr. Hockey and the Senior Athlete of the Year award.

Zach wasn't ready to hang up his skates after graduation. He transitioned to play for the Minot Minotauros (NAHL) for the 2021-22 season. He posted a .932 save percentage in 29 games. Next step, Division I hockey.

UMD & UND

"I love how hockey is just you and your brothers battling every weekend together, all trying to accomplish the same ultimate goal in mind," Zach shares. His college career began at the University of Minnesota Duluth, where he played for two seasons. In his freshman year, he was named an NCHC Distinguished Scholar-Athlete, earned a spot on the NCHC Academic All-Conference Team, and saw

limited time, but made nine saves on nine shots.

In his sophomore season, he was again named a NCHC Distinguished Scholar-Athlete, earned a place on the NCHC Academic All-Conference Team, and played one game for the Bulldogs, recording 33 saves with a .868 save percentage. He got his first collegiate win in his first start against St. Cloud. In his junior season, he played in four games, recording 61 saves for a .859 save percentage. "I was also able to play both games against ASU last year," Zach says. "Going into overtime and having my family there was great."

That was his last season at UMD. "I entered the transfer portal, and I was very fortunate to find a home at North Dakota."

LESSONS LEARNED

Zach, a marketing major, is proud to be back in North Dakota and a part of the Fighting Hawks. He is a teammate that approaches each practice focused on improving his skills and positively impacting his teammates. He is soaking up every minute on the ice.

"A goalie has to be strong-minded, have a great work ethic, and confidence in their ability to do what they can do," Zach says regarding the qualities of a successful goalie. "Then you just need to find the right people who believe in you." Luckily, Zach has his family, especially his dad, who believes in him. "My hero is definitely my dad, Tim, because of how he has helped me soak in every moment, and just having a father who truly gets it has honestly been the biggest blessing for me."

Zach also shared some hardships he's experienced during his college career to date. His freshman year, he took a slap shot in practice that hit him right below his Adam's apple. A little more to the right could have been fatal. "Overcoming a puck to the throat and not playing as much as I would hope to, has taught me a lot," he says.

Most people try to do everything in their power to avoid adversity. As a high-level college athlete, adversity can't always be avoided. Zach realizes the life lessons he has learned and how those lessons are setting him up for future success.

"Enjoy where you're at because it goes by so fast," Zach shares with current Shanley athletes. "And just treat people the right way and leave no regrets in anything you do."

The above students graduated having participated in two or three activities for all four years of high school.

The Deacon "42/43 Club" is a recognition program to honor student-athletes that have participated in two athletic activities (42 Club, in black) or three activities (43 Club, in red) each year of their high school career. This is a program that former Athletic Director Michael Breker started at Shanley many years ago and has also been implemented in other area schools. Congratulations to the 2025 Shanley graduates that achieved this recognition!

THE ST. JOHN PAUL II CATHOLIC SCHOOLS CREST

THE FLAME

The Flame represents the Holy Spirit and the light of faith and knowledge. A lantern flame is also a traditional symbol of the Sisters of the Presentation of the Blessed Virgin Mary, founders of our Catholic schools.

THE SEQUELA CHRISTI

"Following Christ"

St. John Paul II tells us; *"at the heart of catechesis we find, in essence, a Person, the Person of Jesus of Nazareth, the only Son from the Father...full of grace and truth, who suffered and died for us and who now, after rising, is living with us forever. It is Jesus who is the way, and the truth, and the life, and Christian living consists in following Christ, the sequela Christi."*

THE CROSS

The Cross represents Christ. It is the focal point of our belief: Jesus died on the cross to redeem humanity. The cross calls us to offer our sufferings and sacrifices for God, family, and neighbor. At the foot of the cross is Mary.

THE "M"

St. John Paul II was well known for having a deep and abiding love for the Blessed Virgin Mary. His devotion to her was evident in all that he did: his teaching, his prayer life, even his papal motto and coat of arms were dedicated to the Blessed Mother. *Totus Tuus* - "I totally belong to you."

MISSION STATEMENT

As followers of Christ, the mission of St. John Paul II Catholic Schools is to teach the total person by inspiring virtue and excellence, as taught by the Catholic Church.

THE SHIELD

THE DEACONS

Our nickname, "Deacons," was adopted in the fall of 1934 for the teams of Sacred Heart Academy, forerunner of Shanley High School, and has been used ever since.

It is especially fitting for Catholic schools, since it is derived from the Greek and literally means "servants" or "those who serve" (Acts 6). The Catechism of the Catholic Church tells us that Jesus "made Himself the 'Deacon' or servant of all" (CCC 1570).

In light of our schools' mission, identity, and nickname, we expect our students to excel in serving God and neighbor.

THE SHIELD

The Shanley Shield first appeared on football helmets in the fall of 1973. It was designed by Shanley art teacher Sr. Mary Virginia Deibert, PBVM with the help of her art students.

The shield signifies strength. The cross of Christ is centered on the shield as it is the center of our Catholic faith. The "S" represents "Shanley" high school, named for Bishop John Shanley (1852-1909), who served as first bishop of the Fargo Catholic Diocese.

Graduation from Shanley High School is the capstone for the St. John Paul II Catholic Schools student experience as Deacons.

SHANLEY SCHOOL SONG

*Forward for Shanley High,
Never give up and don't say die.
We will cheer our team to victory.
We will keep our spirits high.*

U! RAH! RAH!

*Forward for Shanley High,
We will fight to win this game.
We will FIGHT, FIGHT, FIGHT,
and we will CHEER, CHEER, CHEER,
Victory for our Shanley High. FIGHT.*
